2018-2019 School Accountability Report Card

Published during the 2019-2020 School Year

Seneca Family of Agencies' Pathfinder Academy is a Nonpublic School (NPS). As such, it is a unique program that specializes in providing educational services for students with needs so exceptional that they cannot be met in a public school setting. Students must qualify for special education services as detailed in an Individualized Education Program (IEP) in order to be placed in an NPS. Nonpublic schools often serve students with learning disabilities, serious emotional disturbance, intellectual disabilities, autism, speech and language impairments, or other health impairments. Upon qualifying for special education services through an IEP, students must be approved by their home county and school district for Day Treatment services. Seneca Pathfinder Academy is one of 369 certified nonpublic schools serving nearly 15,000 students in the state of California.

Seneca Pathfinder Academy provides school and day treatment services which include instruction guided by Individual Education Plans (IEPs), small class sizes, small group instruction, one-to-one assistance, milieu counseling, positive reinforcement, behavioral prompting, conflict resolution, behavioral rewards and consequences, individual, group, family therapy, art therapy, skill building, crisis intervention, and case management.

This School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of our school environment. The data presented in this report are reported for the 2018-2019 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal.

# ABOUT PATHFINDER ACADEMY

Seneca Family of Agencies' mission is to help children and families through the most difficult times of their lives by providing them with unconditional care. The goal of Seneca Family of Agencies, Pathfinder Academy is to actualize this mission by providing high quality educational and clinical services to students experiencing severe emotional difficulties. Most of our students are referred to us after being unsuccessful in previous school settings. Our goal is to re-create a successful school environment, one filled with the joy of learning and the supports they'll need along the way. We aim to provide an environment that seeks out and expands on our students strengths and teaches them strategies to cope with their challenges so that they can benefit from their educational experiences.

## CORE PRINCIPLES

Pathfinder Academy provides students that have not been successful in school an environment that seeks out their strengths, expands on those strengths, and teaches them strategies to cope with their differences, so that they can benefit from their educational experiences. A primary focus of all Seneca programs is to help students and families build enduring, supportive relationships which can allow them to transition back to a less restrictive setting. Seneca has always focused on developing and strengthening positive relationships between students and staff, among family members, and between students and supportive resources in the community. Coupling innovative programming and high staff-to-student ratios in delivering high-quality services, Seneca believes that the formation of supportive relationships is the most powerful tool for helping emotionally troubled youth and their families to achieve therapeutic progress and long-term stability. The program philosophy of Seneca Family of Agencies, Pathfinder Academy includes five core service principles, which we believe will enable our students to return to less restrictive settings prepared through continued growth to be advocates, critical thinkers, effective communicators and leaders:

STUDENT ENROLLMENT BY GRADE LEVEL (18/19)*	
Grade	Number of Students
7th Grade	1
8th Grade	3
9th Grade	7
10th Grade	5
11th Grade	3
12th Grade	11
Total Enrollment	30

STUDENT ENROLLMENT BY STUDENT GROUP (18/19)*	
Student Group	Percent of Total Enrollment
Black or African American	16%
American Indian or Alaska Native	0%
Asian	6%
Filipino	3%
Hispanic or Latino	43%
Native Hawaiian or Pacific Islander	0%
White	30%
Two or More Races	13%
Socioeconomically Disadvantaged	50%
English Learners	10%
Students with Disabilities	100%
Foster Youth	0%
Homeless	3%

\*As of 10/02/2018

- **Unconditional care** means accepting young people who have been failed by other agencies, doing whatever it takes to ensure that each student and his/her family achieve a successful outcome. All appropriate students referred by county placing agencies are accepted into Pathfinder Academy, and once placed into care students are not discharged due to challenging behaviors or service needs. Rather, the program's comprehensive array of educational, treatment and support services are tailored to address those needs, even as they change over time. Upon intake, students and their families are told that they will not be discharged from Seneca due to their behavior or any other challenges that might arise during treatment. We make a commitment to a successful discharge for every student.
- **Parent-driven, strengths-based, educational planning** makes it possible for seriously troubled students and families to break patterns of failure and to rebuild their lives. At Seneca, we form partnerships with parents and focus on the strengths and competencies of each student and family when planning and delivering services, both treatment and educational. Seneca's staff members view parents as the experts on their own children and work closely with them during the IEP and treatment planning process.
- **Individualized care** enables Seneca to address the complex and multidimensional needs of seriously emotionally disturbed adolescents and their families. To enable troubled students to succeed in the most home-like settings possible, Seneca strives to provide each student and family with an individualized package of services tailored to meet their unique needs.
- **Cultural competence and sensitivity** are incorporated into all aspects and services of our program. We provide services to an extremely diverse population of students and families including those with ethnic and cultural backgrounds such as African American, Latino, Native American, Asian, and white. In response, Seneca has aggressively recruited a culturally diverse staff and created an agency culture that builds on our commonalities while celebrating our differences.
- **Interagency collaboration and close communication** between Seneca staff, public school district personnel, and community-based service providers are essential to the successful operation of Seneca Family of Agencies, Pathfinder Academy. Many, if not most, of our students are involved with multiple placing agencies, including county mental health, social services, probation departments, as well as the local special education planning area. Our staff collaborate with these public agencies and community-based providers in order to coordinate and deliver a wide range of mental health, special education, and community-based after care services.

## **ADMISSION**

The process of admission to Seneca Family of Agencies, Pathfinder Academy begins with a referral by the school district. The placing school district sends us the student's most recent Individualized Education Plan (IEP), Educational/Psychological testing, as well as any other pertinent mental health information. The intake coordinator reviews the packet and then contacts the caregiver to arrange a tour and intake meeting. We invite the caregiver, student and any other people involved to participate in this initial meeting, in which we explain the program and discuss whether

Pathfinder Academy is an appropriate placement. Once the caregiver, school district and Seneca agree on the placement, the caregiver signs the necessary consents and intake documents in order to enroll their student.

### **ASSESSMENT**

The purpose of Pathfinder’s assessment services is to guide action. Beginning at intake and continuing throughout a student’s tenure in our program, staff members provide ongoing assessment of each student in the context of her or his ecological situation. Assessments conducted by Seneca Family of Agencies’ staff are formal information gathering processes that make it possible to provide family members and the treatment team with useful data— and recommendations—from which they can make decisions about their lives. Bilingual-bicultural program staff help with the assessment of bilingual-bicultural students and families. Assessment not only identifies areas of concern, but also the strengths, talents, successes, and supportive resources enjoyed by the student and family. Comprehensive assessment of Seneca Family of Agencies, Pathfinder Academy students includes, as needed: psycho-educational testing, teacher administered academic testing, including the Measures of Academic Progress (MAP), psychiatric and psycho-pharmacologic testing, speech and language assessment, psychological testing, family assessment, and therapeutic milieu assessment. The information proves useful in developing a comprehensive IEP that pinpoints a student’s strengths and growth areas and identifies strategies to help the student progress.

### **SERVICE PLANNING**

Seneca’s child and family team – a unique decision making body – develops individualized needs and service plans for each student. This serves to define actions and activities that build upon the identified strengths of each student and family, focusing on the development of greater competencies in family, school, and community function. Pathfinder Academy staff invites and encourages students, family members, county case workers, probation officers, CASA workers, lawyers, and other people who play a significant role in the student’s life to be involved in the treatment planning process. Every needs and services plan includes an emergency intervention component to anticipate potential crisis and detail the roles of service team members in responding.

## **OPPORTUNITIES FOR PARENTAL INVOLVEMENT**

Parental involvement in our school is encouraged in a variety of ways. Parents help coordinate and develop treatment plans with their student's therapist and care coordinator; they are invited to attend school events such as back to school night and the science fair; we communicate with parents monthly through our newsletter; and they attend IEP meetings and parent-teacher conferences which are instrumental in helping teachers and classroom teams work with students to achieve their goals.

Parents have full access to school personnel in regards to any issue they may have. Parents can contact their child's therapist, care coordinator, or teacher at any time during the school day and often before and after the school day. The parent can also ask to set up a meeting with these individuals. Formally, the school communicates with parents/guardians in the following ways:

- Family Therapy that is offered weekly throughout the regular and extended school year
- Individualized Education Plan meetings
- Letters sent home from the Director and/or teachers conveying any new, and vital information
- Quarterly reports that document the students' grades, behaviors, progress, or concerns In any areas of academics, and progress on their students individualized Education Plan goals

Beyond these formalized structures, our teachers and therapists make regular efforts to connect with parents. Every quarter, Seneca holds parent-teacher conference weeks. Teachers reach out directly to invite each parent to schedule a conference, working to accommodate the parents' schedules. Throughout the rest of the year, Seneca Family of Agencies strives to develop and maintain strong lines of communication with parents and guardians regarding their children's day-to-day activities, accomplishments and progress made on goals. We encourage our teachers and therapists to make regular phone contact with parents. Seneca operates with an open door approach. Therefore, teachers, therapists, and administrators are available to meet with parents whenever the need arises. Parents know that they can meet with the principal anytime and often give valuable suggestions and feedback.

## **NONPUBLIC SCHOOL (NPS) SERVICES**

Beginning at intake, it is the foremost goal of Seneca's nonpublic school to support each student in graduating with a high school diploma, either from our school or from a local public school. Within students' first month of enrollment, an assessment is completed to determine their specific educational needs. This assessment includes academic testing with the WIAT II and III, an evaluation of transcripts, the administration of the computer-adaptive MAP test in the areas of reading, language usage and mathematics, and an analysis of the coursework necessary to fulfill graduation requirements. Students are then offered classes based on their individual needs and course availability. As students are able to show their ability to succeed within the various aspects of the classroom, they are then recommended to mainstream to the public school system.

## **INSTRUCTIONAL PRACTICES**

Seneca Family of Agencies' team of Special Educators is dedicated to providing our students with research-driven, individualized instruction at their target academic level. Using a rigorous, standards-based curriculum that mirrors the curriculum used by the local school districts we serve, Seneca's goal is to help our students progress academically and remain on-level with their non-disabled peers. To this end, we offer small-group and individual instruction to students in order to help them achieve to their fullest ability. Alongside our balanced literacy and mathematics core instruction, we offer a variety of additional coursework to students, including all high school graduation requirements, social studies, music, vocational education and training, physical education, sexual education, test preparation and summer electives. Furthermore, we support our students in

enrolling in additional courses at the local community college. Recognizing that, for many of our students, Seneca may be their first successful school experience, our program also places a high value on bringing engaging and rewarding educational experiences to our school. For instance, we have a monthly assembly program featuring a wide variety of cultural, artistic and environmental presenters. We also inundate our school year with special events such as the science fair, two book fairs, monthly field trips, school-wide math and science festival days and an end-of-the year carnival.

## **THERAPEUTIC MILIEU**

Our mental health services are seamlessly integrated with the academic program. Throughout the academic day, staff members provide interventions in support of students' individual treatment plan goals, addressing behaviors and emotions as they arise. Students also participate in expressive art therapy (art, music, drama, and movement), individual therapy, family therapy, and large group therapy. Additional activities also include recreation therapy, social skill building groups, and community meetings.

The primary goal of the therapeutic milieu is to guide and support students in developing the skills needed to establish and maintain healthy and reaffirming relationships. Seneca Family of Agencies' Pathfinder Academy classrooms employ the agency's behavioral level system to provide students with daily feedback on their progress, support them in accepting responsibility for their individual behavior, and to encourage their development and use of adaptive and pro social behaviors and coping skills. Program staff set limits for students in a supportive and non-judgmental manner to help them better understand themselves while learning to take responsibility for their actions. The student's day is structured from the moment they arrive. Daily rituals, routines and activities are designed to engage, challenge, motivate and support each student and facilitate the achievement of placement and service goals.

## **INDIVIDUAL THERAPY**

Individual therapy is designed to work hand-in-hand with the milieu treatment that takes place in the classrooms. While the highly structured classroom environment strives to impact students' acting out behavior directly, the goal of therapy is to gain access to the thoughts and feelings that underlie the acting-out behaviors. Once a trusting relationship with the therapist is established, students are encouraged to "work through" underlying thoughts and feelings. When this process is effective, the intensity of such influences on the student's behavior lessens. "Working through" can sometimes involve a student talking about what is bothering him/her or, more typically, involves the student "playing out" their thoughts and feelings by using various play materials in the therapy room. Therapists are trained to understand and interpret the language of play and to help the student utilize play in helpful and therapeutic ways.

Therapists generally schedule one 50 minute session with each student per week. Sometimes, therapists may alter the duration and frequency to better meet the needs of the student. For example, some students benefit from two shorter sessions rather than one longer one. In addition to these regularly scheduled appointments, therapists are available to check in with their students as needed throughout the week. Therapists strive to avoid scheduling therapy sessions during important academic periods.

## **GROUP THERAPY**

Students at Pathfinder Academy receive various modalities of group therapy weekly, including the traditional formats described below and art/music adjunctive therapy. Our Elementary classrooms do so in small process groups while the Middle/High School classrooms take part in "Circle."

## **FAMILY THERAPY**

Working collaboratively with students' families is another vital component of the therapeutic program; when we successfully partner with families, we afford our students a much greater chance of success. Just as our school aims to re-create a positive school experience for students, Seneca therapists work to do the same for service providers and family members. We encourage families to become actively involved in their child's work at Seneca. Each family works with the therapist to choose their own therapy goals and type of work. Regardless of the focus of treatment, the fact that the family is participating sends a very powerful message to the student that they are important, and that therapy is important.

## ADDITIONAL SERVICES

Each of our students receive annual testing to determine what services may be needed. Some of our students may require special services such as intensive reading instruction or speech therapy, for example. If our assessment process indicates a need, we provide the requisite services in order to further support and develop each student.

Ultimately, we at Seneca Family of Agencies' Pathfinder Academy strive to develop students who think about what they do before they act; who express their convictions and viewpoints effectively by utilizing spoken and written language; who contribute positively to the school culture and community through demonstrated honesty and integrity; and who take the initiative to care for themselves by voicing their needs and accessing resources in the community.

*Our Expected School Wide Learning Results drive every interaction that we have with our students.*

# STUDENTS

Pathfinder Academy is designed to serve students ages 11-21 whose emotional difficulties prevent them from succeeding in public school settings. Nearly all of our students have qualified for Special Education services under the category of Emotionally Disturbed (ED), and have also been authorized for Day Treatment Level Intensive services by the County Mental Health Department. Our students experience a wide variety of difficulties including intense anxiety, trauma reactions, depression, oppositional behavior, anger problems, impulsive behavior, difficulty sustaining attention, and learning disabilities.

Despite the challenges that our students face, we operate with the confidence that the unconditional care and support that we provide, coupled with the courage and commitment of our truly remarkable students, will result in our students leading more stable and productive lives. The tables below and on the following page display school enrollment information.

# CAREER TECHNICAL EDUCATION PARTICIPATION

## CAREER TECHNICAL EDUCATION PROGRAMS

Pathfinder Academy employs a Vocational Counselor for the high school program who supports our students in the transition process as they prepare for graduation. Services that are provided range from weekly classroom instruction in all of our high school classes to visits to junior colleges, universities, and trade schools, as well as transitional work programs in the area and opportunities for community service. Additionally, business and vocational colleges conduct site visits to our campus. Every student aged 16 or older has an Individualized Transition Plan (ITP) which sets goals for each student around financial responsibility, career interests, social-emotional development, and outside agency linkages.

Seneca works closely with each student's home school district to ensure the utilization of appropriate resources such as local ROP programs. These vocational programs in the general education setting allow for career specific training. These programs educate students about possible careers and helps to teach students how to prepare for, obtain, and keep a job. We work closely with school districts to help students obtain job permits, while also offering vocational education courses, in each high school classroom, that provide training similar to those available through the school districts. Finally, we ensure that students who are juniors and seniors are aware of community resources, including services from the Department of Rehabilitation, Regional Center, and County Adult Mental Health.

Career Technical Education Participation (SY2018-19)	
Measure	CTE Program Participation
Number of pupils participating in CTE	66%
Percent of pupils completing a CTE program and earning a high school diploma	20%
Percent of CTE courses and sequenced or articulated between the school and institutions of postsecondary education	0%

# CURRICULUM AND INSTRUCTIONAL MATERIALS

# INSTRUCTIONAL PLANNING AND SCHEDULING

## PROFESSIONAL DEVELOPMENT

Teachers and staff at Pathfinder Academy engage in a wide variety of professional development offerings throughout each school year, broken into several categories: Full-Day PD, Teacher PD, Teacher Meetings, Site PD, and Independent Learning.

**Full-Day PD.** This type of professional development blends three focus areas: Culturally Responsive Pedagogies, Literacy Practices, and the Use of Data to Inform Instruction. These day-long PDs are conducted with several nonpublic schools present and allow for cross-site collaboration and discussion. They are led by both internal and external trainers and include concrete takeaways on tools, systems, and pedagogy.

**Culturally Responsive PD.** This is a once monthly space dedicated to Culturally Responsive Teaching – research, mindset, tools, structures, and systems. It includes a series of academic readings, writing assignments, collaborative discussions, problem solving protocols, and more. All staff afforded time and resources to do a “deep dive” on a topic that impacts our students and work to find solutions within the classroom setting. The teacher team specifically focuses on the work in relationship to their instructional practices.

**Teacher Meetings.** Weekly teacher meetings dive into training on the logistical side of teaching – systems for gradebooks, IEPs, online learning platforms, data, curriculum and more. During these meetings, student data is used to choose the focus – whether it be on testing and assessment culture, reading intervention, student groupings, or differentiation tactics. S

**Site PD.** The entire staff of Pathfinder Academy convenes on a weekly basis to discuss a variety of topics from behavior management to trauma and the brain to disorders and diagnoses and more. This time is spent in cross-team collaboration in addition to lecture and learning.

**Independent Learning.** Teachers are allotted special funding to be used to attend instruction-related trainings of their own choosing. Topics have previously included conferences on reading intervention, equity in education, best practices in working with system impacted youth, and more. Training is also available through Pathfinder Academy’s parent nonprofit.

Professional Development Days			
Measure	2017-18	2018-19	2019-20
Number of School Days Dedicated to Staff Development and Continuous Improvement	1	1	2

Additionally, teachers are provided with one hour, per week, of supervision time with their immediate supervisor. This time addresses a range of short-term, “in the moment”, support and training and longer-term professional development goals. This supervision time works in concert with classroom observations done by peers and the supervisor. Classroom practice is discussed in a coaching manner, with an eye toward improved student outcomes in school-wide areas of focus.

# INSTRUCTIONAL PLANNING AND SCHEDULING

## SCHOOL SAFETY PLAN

In conjunction with an outside emergency safety plan, Seneca created a comprehensive safety plan that was put in place specifically at our Fremont campus. This plan is in written form and is reviewed often with our staff at trainings and meetings. The plan covers any type of school safety issue including site emergencies, evacuations, shelter in place, biological threats, chemical threats, radiation threats, fire, earthquake, bomb threats, suspicious box or item, air craft accidents, flood and flood contamination, gun shots, armed individuals, and challenging site visitors. The plan also includes emergency equipment and supplies that are kept on site, and in each classroom. Routine fire and earthquake drills are also held to ensure that students are aware of the emergency procedures. A paper copy of the plan can be requested by contacting the school at any time.

## DATA AND ACCESS

- **DATAQUEST**

DataQuest is an online data tool located on the CDE DataQuest Webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners.

- **INTERNET ACCESS**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability print documents.

# FACILITIES

Seneca Pathfinder Academy is located at 40950 Chapel Way in Fremont, California. The campus is equipped with central heating and cooling; five classrooms with large windows for adequate lighting; a crisis classroom for students who are experiencing difficult behaviors that, for safety reasons, warrant separation from their peer group; a fully operational kitchen; an art room; a small computer lab; a large outdoor area with benches, a basketball court, a grassy area and a student-run garden; a conference room; and a large multi-purpose room used for assemblies, meetings and indoor P.E., when necessary. Our administrative offices are all located within the central school building and therapist offices are located in portables aside from the main campus. We have several restroom areas for our students and all are in excellent working condition. Seneca Pathfinder Academy utilizes an online system for staff to submit maintenance requests. Typically, all requests are completed within 48 hours. If a request is a safety concern, it is completed within 24 hours. Our site is cleaned nightly by a cleaning service and our maintenance staff does a wonderful job of keeping our site clean and in solid working order. We received our Joint Commission Accreditation in October of 2015, which required us to demonstrate a high standard of facility maintenance and compliance, which we were able to do.

## SCHOOL FACILITY GOOD REPAIR STATUS

The table below displays the results of the most recently completed school site inspection, completed in January 2020, to determine the school facility's repair status.

Systems Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
<b>Systems: Gas Leaks, Mechanical/HVAC, Sewer</b>		X			N/A
<b>Interior: Interior Surfaces</b>		X			N/A
<b>Cleanliness: Overall Cleanliness, Pest/Vermin Infestation</b>		X			N/A
<b>Electrical: Electrical</b>		X			N/A
<b>Restroom/ Fountains: Restrooms, Sinks/Fountains</b>		X			N/A
<b>Safety: Fire Safety, Hazardous Materials</b>					N/A
<b>Structural: Structural Damage, Roofs</b>		X			N/A
<b>External: Playground/School Grounds, Windows, Doors, Gates/Fences</b>		X			N/A
<b>Overall Rating</b>	X				N/A

# STAFF

Pathfinder Academy recruits, trains and supports the most talented and qualified individuals possible to teach our students and assist them in a variety of ways. The tables below provide a brief snapshot of the qualifications of our staff.

Teacher Credentials			
Teachers	Pathfinder Academy		
	2017-2018	2018-2019	2019-2020
With Full Credentials	2	2	3
Without Full Credential	4	3	2
Teaching Outside of Subject Area of Competence	0	0	0

Teacher Misassignments and Vacant Teacher Positions			
Indicator	Pathfinder Academy		
	2017-2018	2018-2019	2019-2020
Misassignment of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Ratio of Academic Counselors to Pupils (School Year 2018-2019)	
Title	Average Number of Students per Academic Counselor
Academic Counselor	0

Academic Counselors and Other Support Staff (School Year 2018-2019)	
Title	Number of FTE* Assigned to School
Counselor (Academic, Social/ Behavioral or Career Development)	9
Library Media Teacher (Librarian)	0
Library Media Services Staff (paraprofessional)	0
Psychologist	.4
Social Worker	4
Nurse	.3
Speech/Language/Hearing Specialist	.2
Resource Specialist (non-teaching)	0
Other	0

\*One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

# SCHOOL FINANCES

## TYPES OF SERVICES FUNDED

At Seneca Family of Agencies, Pathfinder Academy a variety of programs and supplemental services are provided to our students in order to maintain the high level of care that our sub-group of students require. The level and type of services vary from student to student, depending on the support and care students need as outlined in each IEP, but do include the following:

- Classroom curriculum and supplemental supplies
- Clinical, education, and administrative staffing
- Two to three bachelors degree level mental health assistants in each classroom
- Classroom furniture and equipment
- Building and grounds maintenance improvement
- A free or reduced price lunch program
- Other special events held for students through the school year, such as an end-of-the-year carnival and a prom for our high school students

Please note that Pathfinder Academy does not currently offer Advanced Placement Courses; therefore, data for number of AP Courses offered is not provided in the school's SARC.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2017-2018)				
Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/ Restricted)	Expenditures Per Pupil (Basic/ Un-restricted)	Average Teacher Salary
School Site	\$22,509	\$139	\$22,370	\$65,498
State	N/A	N/A	\$7,506.64	\$82,403
Percent Difference— School Site and State	N/A	N/A	99.5%	-22.9%

*Note: Cells with N/A do not require data*
